CANCELLATION OF AGM ON 17 NOVEMBER 2020

With effect of midnight 16th November 2020, the Royalty Theatre is closed for all Calisthenics activities (Indoor Sport training and competitions) which includes the AGM, as it is an activity that requires a COVID Management Plan to proceed. (SA Govt Restrictions imposed tonight state that any event requiring a COVID Management Plan is cancelled).

The closure at this point is from midnight 17 November 2020 through to 1 December 2020.

Though this is disappointing on so many fronts the State government foresaw in March 2020, that such activities could be impacted throughout 2020 and granted all Association, governed by the Incorporations Act, an extension of six months to submitted their annual audited financial reports without incurring a fine.

CASA will continue to monitor restrictions and set a future date to hold the AGM.

The cancellation of the AGM does not impact on the tenure of office bearers – there is no automatic extension of tenure contained in the CASA Constitution. Those whose tenure is due to expire tomorrow will still expire and those elected to the committee of management as of tomorrow will take up there position with effect of 17 November. I will publish the results of the election and who constitutes the COM from 18 November onwards tomorrow night.

When it becomes possible to give sufficient notice, once restrictions are lifted, a new date for the CASA AGM will be set and provided to all.

The COM is thankful that we managed to not only conduct the 2020 State Teams Competition but to also have them completed before these new restrictions are imposed at midnight tonight. We all feel for those clubs who were scheduled to use the Royalty Theatre in the next two weeks and for any other club that will have other venues closed to them in the next few weeks.

Let us all hope that SA can get on top of the current COVID cluster and prevent a second wave that would impact us all again in 2021.
